167.64w x 25.4d x 147.24h

Linden \$913 Red Oak \$1155
Maple \$1199 Cherry \$1497

Wood is combustible, for applications where the material is not exposed to temperatures beyond 130 degrees F for extended periods of time. Granite surround, supplied by others, should prevent exposure to high temperatures. Check with the firebox manufacturer for the heat created. Make sure the opening is large enough and far from the flames. Check local building codes for clearances and suitability.
